

Cory Brothers Shipping Agency Ltd
ENVIRONMENTAL POLICY

I, Kevin B Gorman, am committed to minimising the environmental impact of our operations through the adoption of sustainable practices and continual improvement in environmental performance. I accept the “Duty of Care” imposed by legislation as the minimum standard to be set and maintained, and I aim to develop a sustainable business that is financially viable, environmentally sustainable and socially equitable.

I will achieve this by:

- a) Taking steps to prevent pollution and minimise environmental harm and nuisance;
- b) Monitor and comply with legislation, regulations and codes of practice which are relevant to our operations;
- c) Develop sustainable supply chains by using suppliers wherever appropriate that have environmental standards compatible with our own;
- d) Work in partnership with external stakeholders to develop our corporate social responsibility.

We will focus on:

- aa) Minimising the environmental impact of business travel;
- bb) Reducing the volume of waste generated and maximise reuse, recycling and energy recovery where possible;
- cc) Reducing consumption of fossil fuels and incorporating long-term strategies for energy efficiency;
- dd) Assessing changing technology, business requirements and best environmental practices.

This Policy will be reviewed-annually.

Kevin B Gorman – Managing Director –January 2016
